

Dear Bill,

9/16/94

Thanks for your 9/13 and your good letter to Jane Norris. Maybe it will have a delayed reaction. Thanks also for the time and trouble it represents.

Yes, that is the Garrison article. I want to quote what he quoted from the Supreme Court's decision.

I thought I did write you that there are no special property bequests to Dave of Jerry but that if when all is cleared up any cash remains $2/3$ of that goes to the Barbehenns and of the remaining third, $2/3$ goes to Wrono.

Not much new here other than for the first time in years and for no apparent reason my ulcer is complaining today.

My God! What do we need such planes for now?

Other than for bankrupting the country faster.

It is not only a drunked-up man who can fly a plane at the White House. It is not possible to defend it if someone wants to use a rocket, for example. Of the many that we gave away that the terrorists have.

Or that can be made at home.

Thanks and best,
