Dear Harold:

Enclosed is a copy of a book review from USA Today on Mailer's review on Oswald. Not a very good review.

I also enclose a couple of articles about Mary Bingham. The poor lady dropped dead giving a speech at a dinner in her honor. The Bingham's have meant a lot to Kentucky and probably account for 80% of all progress ever made in this state. They were close friends of the Kennedys.

Well things have gotten busy around the office. It looks like I am going to have to practice criminal law. I am going to sign off for now.

Betsy's father got an "A okay" on his health. Say hi to Lil and I'll write you soon.

Love,

  
Bill
