Dear Ar. Buckley.

Enclosed is a copy of my today's letter to EUUSA. You referred records to that office, apparently under my JFK escassination FOIA request only. It does not say.

Some of those records also are pertinent to my old DA request and appeal and have not been provided under that request or appeal. I believe that you and I have prior correspondence on that.

While I am aware that there may be perfectly imposent explanations for my letters to MIE being in he the files of the SUCSA and being sent to your Division by that office, mone is immediately apparent.

I therefore hope you you will respend to the questions I ask Mr. Tyson, provide explanations of this matter, and provide the partiment records, which I requested in 1976, with removed requests thereafter and appeals not yet acted on.
