

DEPARTMENT OF THE AIR FORCE
HEADQUARTERS UNITED STATES AIR FORCE
WASHINGTON, D.C. 20330

5 JUL 1977

DADF

Mr Harold Weisberg
Route 12 - Old Receiver Road
Frederick MD 21701

Dear Mr Weisberg

This will respond to your letter dated June 17, 1977.

The records to which we referred in our June 8, 1977 letter are any records relative to your request which may be located either at Andrews Air Force Base or Bolling Air Force Base.

Since we do not have access to the records of the United States Attorney in Baltimore, we would suggest that you write that office asking for their records.

In the Department of the Air Force, the term "Air Staff" is used to identify a staff that advises and assists the Secretary of the Air Force, the Under Secretary of the Air Force, the Assistant Secretaries of the Air Force and the Chief of Staff. To query the "entire Air Force" for records such as you seek, would entail hundreds of manhours and be quite costly to you since the charge for searching for records would have to be borne by you whether or not any records were found.

You may not know that the Air Force Major Commands and Separate Operating Agencies maintain their records separately, in keeping with their assigned missions and functions. There is no central repository for all Air Force records. Further, these organizations operate their own Freedom of Information offices to act upon requests for records for which they are responsible. Attached is a list of the addresses of the Air Force Major Commands should you wish to address queries to them.

On March 8, 1977 a check was made of the Defense Central Index of Investigations (DCII). This index contains references to records created by the various investigative agencies of the Military Departments and the Defense Investigative Service (DIS). The results of the check were negative.

We regret we are unable to assist you further in this matter.

Sincerely

M.K. WARD
Air Staff Freedom of
Information Manager
Directorate of Administration
