SUBJECT: ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, DALLAS, TEXAS, 11/22/63

Information has been received from our Los Angeles Office to the effect that [REDACTED] has advised Harold Weisberg a well known critic of the Warren Commission, FBI, Secret Service, police agencies, and other branches of Government is writing a book in which he will allegedly place the blame for the assassination of John F. Kennedy on the FBI.

[REDACTED] alleges that through a source he has learned Weisberg received information placing blame on the FBI from a high official in the United States Secret Service. The identity of the official was not known.

We are well acquainted with Weisberg in view of his previously written criticisms in connection with the handling of the Kennedy assassination by the Warren Commission, FBI, Secret Service, etc. His writings in the past have contained discrepancies, falsehoods, and deliberate slanting of the facts. During the past several months he has made numerous requests of the Department under the Freedom of Information Act for data relating to the assassination apparently in connection with compiling information for his new book. It can only be anticipated that this new book will continue
