FOIA/PA appeal

Rt. 12, Frederick, Md. 21701
1/16/77

Gentlemen,

Under the provisions of FOIA and PA quite some time ago I filed a request for all records of any nature of form and of whatever origin on or in any way relating to me.

My request was filed through the Secretary of Defense and the General Counsel of DOD.

My request was not complied with. I appealed and that also was not complied with.

Since then I have obtained documentary proof that NSA should have provided records in response to this request.

I am aware that under the law I can now seek relief from federal court. Before doing that, however, I think it only fair to let you know that I now have this proof and to provide you with an opportunity to avoid unnecessary litigation.

There are several other Harold Weisbergs in government records. I am not the chemist, not the Brandeis University professor. I was born in Philadelphia, Pa. on April 8, 1913. When I was a boy the family moved to Wilmington, Del., after which I moved to Washington and its suburbs. My last address in Washington was at 313 H St., NW. I then moved to 2522 N. Nottingham St., Arlington. From there I moved to Hyattstown, Md. (under the Clarksburg post office, initials that at Boyds). While we have had but the one Frederick residence the rural route has been renumbered from first 7, then 8 to now 12. My Social Security number is 577-36-7290. My Army Serial Number is 32484933.

That I apparently have a middle initial was called to my attention in an unusual manner after I filed this request. Although I had asked for no credit and had not for decades a credit-reporting agency asked for a report from me under the name Harold D. Weisberg. I do not know what the initial stands for. I do not use this initial. I am certain that for decades I have not.

Obviously I have no way of knowing the structure of NSA. I mean this to be an all-inclusive request, including any and all parts, affiliates or associates of NSA and all interceptions of any kind or source as well as all received or obtained in any manner from outside of NSA.

Because my request is several year old I hope you will now process it immediately.

Sincerely,

Harold Weisberg
