Dear [REDACTED]

In accordance with our discussion today on matters related to President Kennedy's assassination, I would like to follow up on some specific items. The Committee is interested in any communications intercepted that were to, from, or mentioning the following individuals: Lee Harvey Oswald (a.k.a. Lee Henry Oswald, A. J. Hidell, O. H. Lee), Marina Oswald, Jack Ruby (a.k.a. Jack Rubenstein), and Earl Ruby. We would appreciate all such information from 1957 to the present.

We would also like information on the following:

1. Were any of the above names put on a watch list and, if so, by which agency or individual of the Government?
2. Was product or information concerning the individuals cited above ever requested by any agency or individual of the Government or of the Warren Commission? If so, what information and by whom?
3. Was product or information concerning the individuals cited above ever disseminated to any agency or individual of the Government or of the Warren Commission? If so, what information and to whom?
4. Did NSA ever have a watch list on U.S. defectors to the Soviet Union? If so, to which agencies was this information disseminated?
5. Were there ever any requests to monitor [REDACTED] for information pertaining to the individuals cited above? Who

Thank you for your help on this matter. If we have further requests along this line, we will let you know.

With best wishes,

Sincerely,
