Dear Mr. Buckley,

Enclosed is a copy of my today's letter to EOUSA. You referred records to that office, apparently under my JFK assassination FOIA request only. It does not say. Some of those records also are pertinent to my old RA request and appeal and have not been provided under that request or appeal. I believe that you and I have prior correspondence on that.

While I am aware that there may be perfectly innocent explanations for my letters to NIS being in the files of the EOUSA and being sent to your Division by that office, none is immediately apparent.

I therefore hope you will respond to the questions I ask Mr. Tyson, provide explanations of this matter, and provide the pertinent records, which I requested in 1976, with renewed requests thereafter and appeals not yet acted on.
