Dear Miss - Candy: Thank you very much for your acknowledgement of my letter to Mr. Hoover, dated December 1st, 1966. Yes, I am definitely looking forward to the time when Mr. Hoover is free to answer my letter. I wrote him mainly in regard to this radio broadcaster, Nort Sol, who is now appealing to teen-age students to listen to his distribe, discrediting Mr. Hoover. Mr. Sol let the cat out of the bag last night, when he announced that he is going to collaborate with another scavenger-author by the name of Harold Weisberg in writing a book, pointing out misinformation and discrepancies in Mr. Hoover's report to the Warren Commission, concerning details of the assassination of Fres. John F. Kennedy. This follow Sol is quite cunning, in that he has said, in case he is brought to court on a defamation charge, he will plead that he is a comedian and anything he says, should be construed as satire. It is too bad the F.C.C. can't silence this fellow! Please show this letter to Mr. Hoover and tell him that I, personally, would breathe a sigh of relief, if the Kennedy family decided to disappear from the political scene altogether. They are causing us to choose up sides, to where it is quite ominous. Have a Nerry Christmas and a Happy New Year! NOT RECORDED 199 DEC 28 1,66 Yours Cordially
