***K Glory Passes,
De Gaulle Notes***

RIO DE JANEIRO, Oct. 16 (AP) — "Sic transit gloria mundi" — thus passes glory in the world.

That was the comment of 73-year-old President de Gaulle on the departure from power of 70-year-old Nikita Khrushchev.

De Gaulle made the remark at a reception last night. He returned to Paris today. De Gaulle added: "Well, Khrushchev is gone . . . Voila!"

"Well, this poor Khrushchev is gone," he said to British Ambassador Sir Leslie Fry.
