Mr. Harold Weisberg
313 H Street, N W
Washington, D. C.

Dear Mr. Weisberg:

Please forgive my failure to reply before this. I was terribly rushed last week, then went out of town for a few days and have only just returned this morning.

Your letter came after the June issue had been pretty well planned and we had arranged for an article on the Klan and one on the Coudert Committee. It is therefore not possible to run another expose article such as you suggested in the June issue. However, we are eager to have you do an article of this nature for our July issue. Won't you let me know within a week or two what you think you will have available for that issue. I shall keep in touch with you in the meantime.

Cordially yours,

Louis Harap
