Memorandum of conferences and agreement with Maxwell Legman, editor,
Civil Service Leader.

Following his call from NY last night ML called me from the station after 11 this am. I met him and brought him to my apt where he stayed for more than an hour. We talked briefly and he indicated briefly what he was interested in. At 8 he returned and we reached the following agreement: He was to pay me \$50.00 for work he estimated would take 3 days, and \$17.50 per day, or proportionately for less than a day, for any additional work required. In addition, necessary expenses, such as cabs, phones, stamps, etc. I am to collect for him certain data he needs for a book he is doing, in collaboration with Technician Morton Yarman, entitled "Opportunities ~~for~~ in the Armed Forces". Deadline August 8, but I'm to try and deliver all he wants by the 31st of this month. He has or will provide me with outlines covering the information I am to collect from the agencies referred to below. He gave me a Navy and a Coast Guard outline.

Material on the Army, Marine Corps, Coast Guard goes to Technician Morton Yarman, Office of the Surgeon, Armored ~~Command~~ Force Headquarters, Ft. Knox, Ky.

Material on the Merchant Marine, Navy and Civil Aeronautics Authority are to be sent to ML. In addition, I offered to inform him of whatever I'd send Yarman.

Contacts: He gave the following list of people to whom he had ~~spoken~~ re: the above-

Navy: Miss Riley Moore, Magazine Section, "Large Anderson Mansion", 2118 Mass Ave., nw (and if it became necessary to go higher, first consult with her then communicate with Lt. Cmdr. Blakesley, pub rel.
