Dear Max,

Rewire: A copy had already been sent Yarmon but I sent him another one today.

Re American Council on Education: Dr. Chambers says they will be very happy to all you to reprint the chart. He is having their director of publications write you to this effect and will include their preference for the credit line. I'd recommend you send them both a few copies at the right time.

Likewise, he's sending you two extra copies of the chart.

Re CAA: This morning Miss Bienert sent you an extra copy of everything they have sent you to date, including their letter of 7/24. I do not believe she sent you extra copies of the material she mailed yesterday, but maybe she did.

Re: Naval cadets bill. This is HR 7364. It was approved by the House Naval Affairs Committee 7/19, passed the House 7/22, has been reported favorably by the Senate Naval Affairs Committee and there is a more than reasonable presumption that Senator Walsh, chairman of the latter committee, will bring it up for Senate approval the first of next week. The Senate Committee approved it without amendment, and if it passes the Senate in that form it will soon be law, so I'd recommend you keep your eyes on it during the week I'm out of town. Both committees today mailed you copies of the bill and their reports. The Senate committee acted favorably 7/27.

Enclosed is a clipping from this morning's Post on the Navy WACs. By the way, you and I are in the wrong business. We should be in the back-issue newspaper business, where we could sell old 3-cent papers for from 15 to 35 cents each and then charge 2 to 10 cents extra for mailing them, even if mail costs only a fraction of this! How do you like those robbers at the Post?

So we are up to date again. I hope to be able to get someone to cover for you during my absence. I will be in Hyattstown Md., which is near Frederick. The Telephone is Buckeystown 42F31. The name is Mrs. Lillie Stone. Mail is impossible there.

Today's bill: time \$3.84; expenses \$1.29, Total \$5.13

Yours

Harold Weisberg
