

10/28/42

Dear Max,

Enclosed are six chapters I got late today from Major Davidson, of the Review section. He informs me there are 3 chapters he has not had a chance to go over and 4 not in his hands. One of the latter, I am given to understand, will require some revisions. This is the arrangement I have made because I think it best for you: Any chapters approved will be mailed directly to you by Davidson; any not approved with minor alterations will be returned to you if they are through the Review section before my return to town and if they are not (which I will learn by calling him as soon as I get back) I'm going to go over and work them out on the spot, with the proper officer.

I understand there may still be some trouble with the classification chapter.

As I told you, I'll be leaving tomorrow and won't return until the middle of next week. Of course, any major revisions will be returned to you.

I hope all the changes meet with your approval. Please write me so that your letter will be waiting for me on my return if you don't want me to undertake this for you.

Add: bill- time \$12.55; cabs, \$2.40; phones \$0.35; stamps \$0.36. Total \$15.66

This and my bill of the 24th total \$47.76.

Yours,

Harold Weisberg
