Dear Al,

Everything you wrote or spoke to me about has been taken care of except certain things I'll have to pick up at Agriculture.

Today I wired you re the McNutt opus. I hope the addition and the changes cover everything. They were approved by Mittell.

The McKelway material may even be in your hands by the time you get this. They promised immediate action.

The name of the other women, the one in charge of nursing, is Haupt. By this time their New York representatives or cooperators should have been in touch with you. I understand they were to have called New York this afternoon and ~~she~~ said reps or coops. in touch with you.

Thus far, I have not had the trance in which I will whirl around and come up with what you want for number two.

I hope to finish up the Agriculture stuff, all of it, tomorrow.

Yours,

Harold Weisberg
