

July for Congress

Chairman over many
citizen camp for Victory
Congress. July 30 various
attacks, chiefly by
midwestern Congressmen
who did not speak for
a representative Congress.

Regardless of number of
electoral Congresses
presented, a democratic
means. This Congress is
not to do, a job greater
than this great institution
has ever faced before.

Flash back to work,
Honor of land and
constitution. The
people who fought
against the bill of
rights.

Jefferson - called a "Federal
agent"
Jackson - really a people's

judicial and the charges
against him & the value
of his day
& the Copperheads -
Vallandigham
Union of the bond of useful
men

But our great war leader,
F.P.R. has been a
good 'old' coalition

Then any of his predecessors

1) Secret Ruler sympathies -
long of the Union open-
ly joined the "top
d'hole with working",
Mustard "made the
Union run on time".

Then he was called to
bring the American
Goebbels + made the
Cong. the own.
Ed. of "Vogelbein
Berberstein"

2) F.P.R. Hopes, who
had a her piece was

They may hate Peter

3) Neutrality lovers - who
actually would want
this lead to a present
war

4) Isolationists - who would
jeopardize the position to
blot down the sinking
man & women

5) Red-baiters & Russian
lovers, who like our
policy, noble only was
Iran on evening.

The effect of this coalition is
to hinder the war effort,
& may bring about
our defeat. This must
be stopped immediately.
It is a losing game and
we can't win at it.

We must

"- See to it that
Peter's capital will
be very heavily
used; this thing.

Members must stop
making their speeches
and spending 5 min
in the long run

2) Actions & speeches
which make dissent
must cease. - The open
forum on the floor & also
must close. We must have
Helen and his membership
only. Administration &
agencies are making
mistakes and Congress
must, where things are
wrong, help correct them.
But, you in a way, that
will help Helen

3) No more resolutions
& resolutions. FDR did
not make this war;
Helen did.

4) Appoint a commission
of defects & how to
change. We passed all

affirmation was asked
for. In June, just a
month after the
Congress had a long
H.

- a) and special privilege
of the full
- b) guarantee of service
not by means
- c) and chief political
movements of the
eye on the people, not
of the church.
- d) from the the expres-
sion of their people,
and perhaps the part
in which the people
elected them, regarding
unusually, without
regard to political
affairs - perhaps speech,
~~because~~ if that is
one thing a
Congressman can
make - and by the way,

must not sacrifice.
