Dear Invitee to the San Francisco Conference:

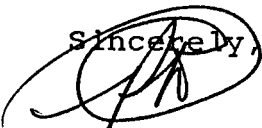

You will by now have received a packet of documents forwarded to you by the A.A.R.C.

It occurred to me that the enclosed summaries of the testimony of the only witnesses having first hand knowledge of Oswald's visit to the Cuban Embassy might be of additional value.

All of this information was taken from Volume III of the House Assassinations Committee's Appendix to their Report.

An evaluation of this testimony appears to me to be crucial to making a sound judgement as to whether or not Oswald actually visited the Cuban Consulate.

Sincerely,

Robert Dorff
