

THE JEWISH SURVEY

7/2/42

Dear Louis,

Thanks for your letter and the material.

I haven't had a chance to read the proofs, but I did notice a minor typographical error on the second page. A little below the middle of the second column the word "herrenvolk" is spelled with an "f".

Between several stories I have been working on and the unfortunately necessary trips out of town I have had little time to think of another piece. I had thought we might have discussed this last week. Let me know if you have any ideas.

Yours

Harold Weisberg
