Dear Mr. Yarmon

Persuant to Maxwell Lehman's request I have had sent to you two copies of NOMA (Notes on Morale Activities) and the enclosed material on the Air Corps. He has requested other material which I will forward as soon as I can get it.

I have written him about the suggestion that you send your copy of the ms. on the Air Corps here for checking for accuracy because of the changes that are being made. If you and he would like me to handle this for you I'll be glad to.

You will notice handwritten corrections on the stuff enclosed and I hope you can read them. References to money and salaries in the pamphlet should be changed to ~~cents~~ conform to those in the chart. These folks and the Office of Education have prepared an all-inclusive chart showing exactly what they think you'll want. They have sent it to the printing office and have no copies of copy. It will not be out until too late for you. I have asked them to have an extra proof pulled and sent to you. They have promised to try and do so but say this may not be possible.

By this time you should also have received a large batch of Army stuff, sent to you yesterday morning by Lt. Schübert.

Yours truly  
Harold Weisberg
