New York, N.Y.

Dear Mr. Holmes,

I have heard, perhaps incorrectly, that you are now without a Washington editor because Mr. Brown has gone into the Navy.

If this is true and you are looking for someone to replace Mr. Brown let me know. I have been in Washington since the early days of the New Deal. I have worked for the government and the Senate, and have represented three national picture magazine here. Prior to this work I had about 5 years of newspaper experience.

Should you be interested, I can come to New York and talk to you.

Sincerely yours,

Harold Weisberg

And let me add a postscript of praise for some of the fine things you have been doing with PIC. You have been doing something sadly lacking in just about all the other picture magazines.
