Dear Al,

I have spoken to the Marine Corps, and while they can not guarantee an exclusive on the ~~ix~~ Carlson story, because some one else might see a story in it, knowing he is commander of that bunch of marines to raid Makim, they will promise not to solicit its use, or to suggest it to anyone. Which I think is fair enough.

I was not able to see Sabath, but expect to early in the week.

My expenses for the past week:

Telephone	\$0.90
cabs	3.30
stamps	<u>0.36</u>
	\$4.56

This ought to just about bankrupt you, if last week's didn't.

How goes everything?
