Dear Mr. Weisberg

Since our first contact a few weeks back, I've ordered a whiteback book every week. I only ~~have~~ ^{have} 2 more having the set. I want you to know upon reading through my books, I have the upmost respect & admiration for you. The manner you had to go through for your release was very dangerous. I'm sure some time or another you feared for your life & safety. I'm very glad you're not hurt. Sep 27th on A+E here in CA are going to be more documentaries of the assassination which I will tape. I don't know if it will air in your state or not. You may be getting tired of all this stuff but I'd like to send you a copy of it just to have something to look at, who knows it may show things we hadn't seen or heard. I believe you not in good health & are getting on in years I'd like you to know I respect & admire you for your acts and speaking out the way you did
Drew

Since you don't feel good don't feel
obligated to write back. But if you feel
good, I'd cherish your letter.

Look for tape last of month

Sincerely Martha
