Mr. Weisberg

I have purchased your four part "Whitewash" series and am thoroughly enthused by what I have read thus far. I'd like to congratulate you on your ~~an~~ unbiased approach to the assassination. I believe that an unbiased, full-circle approach to the events as well as a good share of history leading to this tragic event could possibly lead us in the correct direction in solving this matter. It will be a long tedious and rough road to a solution but I still believe there is a possibility.

I now would like to place an order for "Post Mortem: JFK Assassination Coverage Exposed" and have included a check for \$12.50 as indicated by the order sheet. I received from you in my previous order. Please keep me informed of any other writings or books on this subject and, if you could, I'd really appreciate a list of recommended books or other publications you might consider worthy of my attention as I'd like

to go about getting them as well.  
Again sir, thank you and hope  
your health is improving from  
previous reports we received.

Sincerely  
Fred J. Carlson
