Dear Mr. Weisber,

I ordered your "Post Mortem" through a bookstore in Pennsylvania and noticed that you have of list of books in the front that were available through you. But then, this was back in 1975. If they are still available through you I would love to order a couple at a time. I was 7 years old when JFK was assassinated and remember it well. In the last two years or so I have taken an increasing interest and read anything I can get my hands on. Consequently, I have spent a small fortune but I can't seem to help myself. It is a fascination for me and probably has changed my outlook on life tremendoulsy. No doubt you understand that better than anyone as I know you are the definitve expert on JFK and have researched it most thoroughly. I have a tape collection from Time-Life with you on it so I feel more connected knowing that you look life. I envy your devotion and your inquizative mind. I wonder how little would be known if it weren't for you and all your efforts and expense on this subject. I'm just an ordinary Joe with a big interest.

At any rate, if you still have these books available I would appreciate you sending me WHITEWASH II and PHOTOGRAPHIC WHITEWASH, and will order a couple more later if that is possible. Find enclosed \$15.00. I do hope that will cover the cost and sending of those two. If not, please let me know if I am in error.

Thank you for your time, sir.
