Dear Mr. Weisberg,

I am writing this letter for various reasons. First I would like to commend you on the excellent job you did on your book *Case Open*, and how you exposed Gerald Pozner for the fraud that he is.

We needed someone like you to do this job. Thank You.

Next I would like to purchase your book called *Photographic Whitewash* could you please send me a catalog or a price list of you books.

The next thing I'm hoping you could help me with. A friend of mine and me are constantly arguing about the credibility of Fletcher Prouty. I was wondering if you could help me obtain any type of information (articles, books, military records etc.) pertaining to him and his retirement and discharge from the military.

Thank you very much for your time.

Sincerely,
