Dear Mr. Weisberg,

This letter is to request information on purchasing books which you have authored on the JFK Assassination.

A Few years back I ordered *Photographic Whitewash* through a bookstore and found it quite interesting. I am interested in purchasing all of those remaining *Whitewash* books as well as any other related writings.

I am compelled to advise you that I have been reading and researching the JFK Assassination for a few years. Through my reading I am aware of the contribution of data which has been made available through your efforts. I am honored to correspond with you.

Thank you for your time.

Sincerely,

Patrick J. Frost
