Dear Mr. Weisberg,

I received no answer to my first inquiry. I very much want to buy "Whitewash!" Please send me details of purchase.

I am eternally grateful to researchers like you, and so terribly angry at the criminal cover-up. We have no democracy, nor does reason and the exercise of the human process of thought have any meaning in America.

Alas, Babylon.

I look forward to hearing from you.

Yours truly,
Mrs. Pearl Gladstone
