Mr. Weisberg,

I want to purchase the "Whitewash" volumes. I have scoured the rare/used bookstores to no avail. Livingstones' "High Treason 2" lists your mailing address, so here I am.

I am an ^(naive?) innocent (even after 20 books) researcher. Your extensive work offers a credible foundation I have yet to find in regards to the JFK saga.

I would appreciate any

and all help locating
your books.

Incidentally, Livingstone
opened my eyes regarding
Stones' film and provides another
research soldier (such as myself)
the identity of the assassination
scholar - yourself.

Thanks for your valuable
time. I've enclosed a self-
addressed envelope to expedite
the information.

Regards,
