Dear Mr. Weisburg:

Please find enclosed a bank money-order for the amount of \$90.00 to cover the cost of my purchasing copies of your books: Whitewash 1-4 as well as Postmortem and Oswald in New Orleans. I look forward to reading them all with great interest even at this late date. You may remember that I called some weeks ago about this purchase.

I was just turning ten on Nov. 24, 1962 which helped burn that week into my mind both because my parents were and are hard core democrats and because it all seemed so unbelievable. The official solution offered is no more believable today.

I am interested in working toward having all relevant documents released as soon as possible. Can you offer any advice? I have just watched the JFK movie with a certain amount of trepidation in the beginning. I think it will go a long way in stirring up interest. I think there was something almost therapeutic about seeing on the screen parts of what you have run in your mind so many times.

I don't pretend that the persons that actually pulled the triggers that day will ever be caught or tried. I do sincerely hope that they can be tracked down in name though. I think the country needs to have this happen.

Allow me to thank you on behalf of many who have read and studied your hard work and toil. You have done a great service and I am sure that "Historian" will be listed among your credits.

If the above monetary amount is not enough, please withhold one of the books and make note with delivery of the rest.

Sincerely

  
Robert R. Sheldon
