Dear Mr. Weisberg,

Again, let me express my deepest thanks and admiration for all your investigative heroism. You encourage hope that for the one in one hundred, perhaps humanity can or deserves to be preserved.

I have 2 questions.

First, I apologize, but I am confused about the order I placed for all 6 books on the Whitewash form letter (check dated May 8, 9: Frame-Up was among those ordered, and I'm simply not aware if I received it or not. If it was withheld, please let me know. If I have lost it, I apologize for this belated inquiry.

Secondly, may I have your permission to advertise your books so they may receive greater public perusal?

I have enclosed a stamped, self-addressed return envelope to add in your response.

Sincerely yours,

Pearl Gladstone
