Dear Mr. Hughes,

I did not intend to try to take your head off. I'm sorry that you have trouble realizing that at 79, with serious health impariments, enbedbled and limited in what I can do, there is a limit to the time I can take to respond to all the letters I get. And still have any time for the work I am still trying to do. I cannot really take the time to read what you have written and criticize it.

You are welcome to use anything I've published and if you'd like you are welcome to copy and use any of the documents I've published. If you were here you'd be welcome to go over all the records I've gotten and copy any you might want to use. But I can't do that searching for anyone now.

No, I was not offended. But frankly, I do feel that becauss I do take the time to respond and do try to help, people expect too much of me, without thought to what that means to me, especially at this stage of my life.

What I take to be your cover is attractive. Come to think of it, I do not remember the Hoover 11/24/63 memo to LBJ. I know it is faithful to fact but I do not recall it. Do you have the FBI file number for it, or can you send me a copy? I also call to your attention that the 11/25 memo was not to LBJ. It was to Moyers. If you do not have a cooy I can give you one if you'd like to use it in facsimile.

I appreciate the kind things you say about me in the other enclosed page, but my name is not "Howard", I wrote 7 books in all but only 6 on the JFK assassination and our zip code has been changed from 21701 to 21702,

ood luck,

Harold Weisberg
