

9/8/92

I have [redacted] reading White Wash I
 and Post [redacted] and I can honestly say
 after reading both amongst the many
 J.F.K. Assn [redacted] books I've read, [redacted] nothing
 as [redacted] young! I am extremely puzzled
 as to why [redacted] stopped writing especially
 after the [redacted] of new "Useless" books since
 the UN-OFFICIAL [redacted] K. [redacted] In my
 op [redacted] should be [redacted] "J.F. BANNISON" what
 a waste of 3 [redacted] Stone could have
 let the un-aware uninformed public
 in on what's really important as you
 put it "with [redacted] sh. [redacted] you're the
 RARE breed of Authors up [redacted]
 for the \$ as you mention [redacted]

What brought [redacted] to your books were
 references to them in other books which
 all highly praise your work as well they
 should. Two new books "Texas Concepts
 + [redacted] [redacted] are fair compared to yours
 however people are buying them!

Harold as a devoted fan of your
 writings I beg of you to "let the
 truth [redacted] out" write another one.
 This is an Election year in which
 "Bill Clinton" could possibly win!
 He has stated he would re-open the

[redacted] like to know your
 opinion on Tom Wilcox's alleged
 Photo - ENHANCING [redacted] he says

Proves a shot from the front!

I hope so! I belong to The Assass. Com-
mittee and all they've mentioned of it is
last years convention. He should
contact you if its true, what a
team to finally put the nail in
the coffin!

Has your book "a Tigers something"
ever been published??

Don't give up Harold I'm sure we
"Meaning all committee members" Approx
600 of us could find a way financially
to back you up. I would invest in
your work personally, I own my
own business and I'm not rich or poor
but anything I can personally do.
Please let me know. I am a dedicated
reader & I'm running out of your
books!

Have you ever written to the committee
they praise you in their letters and
claim you've read 70% of the new
declassified materials. Well if you
don't do any more writings I
understand after all the bull-shit
the Govt & Media has put you thru -

and remember I'm one of your
biggest fans Thank you either
way.

Sincerely
