Dear Mr. Harold Weisberg.

I couple of years ago, I bought from you *Post Mortem*, the *Whitewash* series and *Frame-Up*. I have studied these books very thoroughly, and can only say that in the field of assassination research, they are in a class of their own. Your work is truly impressive.

The reason why I am writing to you again, is to ask if it is possible to buy a book written by you which I was unaware of when I bought the other ones, namely *Oswald in New Orleans*. I have tried to get it on mailorder from the american bookshops I normally use, but to no avail.

Do you have a copy of *Oswald in New Orleans* in stock, or would it be possible to buy a Xerox copy of it? Please write and state your price, and I will send a cheque immediately. I am also very interested in buying Xerox copies of articles you have written on the assassination. If this is possible, please include them in the price.

Yours sincerely

Tønnes H. Gundersen
