Dear Mr. Harold Weisberg,

Hello. My name is Neil Gottlieb, and I wish to take a few minutes of your time.

I have been doing a lot of reading on the assassination of president John F. Kennedy, and I have come to a conclusion: 1. If the truth of what happened on November 22, 1963, or to be more specific, the "events" leading up to and after November 22, 1963, people like me are going to have to stop reading books that say that the "cubans" did "it", or "russia" did "it", or the "mafia" did "it", or (and please excuse my sarcasm) somebody named "Saul" was responsible. 2. Even after all these years, the starting point of where the truth can be found is in my 3 favorite books: WHITEWASH II, RUSH TO JUDGMENT and ACCESSORIES AFTER THE FACT.

If more people were aware of the deceit of the Warren Commission and our government, the demand for the "real" official truth would be tremendous. And Mr. Weisberg, when that day comes, the world will owe you a big thankyou!

Mr. Weisberg, the main reason that I am writing to you is because I was wondering if I could order your first book "WHITEWASH" from you? It is so hard to find your great books. I had to order "WHITEWASH II" from The Last Hurrah Bookshop all the way back east. The book stores out here in Vegas stink. I hope it is possible that you have a copy that I could purchase. If you do, could you please let me know how much it costs? I am sorry to disturb you with this request, but I really want this book. If you decide to write me back, I have enclosed a stamp for your convenience.

THANK YOU AND BEST WISHES,

*Neil Gottlieb.*

P.S. I read in "HIGH TREASON 2" that you had a operation. Please let me say that I hope that this letter finds you in good health.

Long live the memory of John F. Kennedy!!!
