Dear Mr. Harold Weisberg,

Hello. My name is Neil Gottlieb and I hope all is well with you and your family. The reason I am writing is because on September 20 of this year I mailed to you a check for \$27.00 for your book "OSWALD IN NEW ORLEANS", and I am concerned because you have not cashed the check yet. I also have not yet received the book. I was thinking that maybe my letter to you got lost in the mail, and if this is the case I would like to cancel the check and send you a new one. If it is possible Mr. Weisberg, could you please write me back and let me know if this is the case. I have received from you all of your "WHITEWASH" books, and I wish to add "OSWALD IN NEW ORLEANS" to my collection.

Mr. Weisberg, I want to thank you for helping me learn about JFK assassination and the cover-up that followed. My favorite book is "POST MORTEM". I love that book. I call it the "bible". You never insult your readers by wasting valuable space on the mafia, cubans, russians, etc. ALL you deal with is the facts. GOD BLESS YOU for your fight against the government to "free" the documents from their evil clutches. I feel that the most important chapter in "POST MORTEM" is chapter 28 (AN ORIGINAL AND SIX PINK COPIES). The death certificate, signed and thus approved by Admiral Burkley is THE destruction of the WARREN REPORT! The "CASE CLOSED" books of the world can rant and rave all they want about the bullet 399, but the bottom line is that President Kennedy was hit in the back, below the neck, and below the shoulder blades. The government tells us that there is no "NEW" evidence in this case, and yet they refuse to discuss the death certificate. If the Dallas police did not assist Ruby in killing Oswald, when this case went to court, the death certificate, which is THE best evidence, would of helped Oswald's defense attorney prove his innocence...

BEST WISHES,

Neil Gottlieb
