Dear Mr Weisberg,

Hello. I am a British researcher into the assassination of John F.Kennedy and after looking for your Whitewash books for some time have at last managed to pick up a copy of 'Selections from Whitewash'. I found it an absolutely fascinating book. It manages to lay out the facts in a much more personal way than a lot of other books i have read on the subject. Being a relatively new researcher to the case my attention was first drawn to the Whitewash series in 1988 after having seen you in the Five hour Nigel Turner documentary 'The men who killed Kennedy'.

As i live in England i have the trouble of not being able to pick up as many books on the assassination as you can in the States even though we have a far more tolerant attitude towards conspiracy theories, via our press.

So what i am getting at is could you please let me know how much the complete set of Whitewash is as having read 'Selections from..' i have to have more!

Thankyou very much for your help,

Yours sincerely,
