Dear Mr. Weisberg,

I am writing to thankyou for your kind response of 5-21-94 and the information on people that have written on the JFK assassination that are not legitimate based with their info. I wrote a letter to the editor of the Tampa Tribune when they endorsed Gerald Posner's "Case Closed" fantasy propaganda, this media darling must have been paid big money to perpetuate that fairy tale, though it is good for a few laughs. I am aware pretty much of who is legitimate and who is not.

In reading your case no. 75-0226 affidavit I noticed your book entitled, "Oswald In New Orleans", and don't see it listed in the order form you sent. I would like to purchase an autographed copy of this book from you if you would be so kind. I have "Post Mortem" and "Photographic Whitewash" already. Also do you have copy of Oswald in Russia, Mexico, military, European, data that I could purchase from you as this particular research is at the heart of this book I'm working on. Lastly can you tell me, since you are yhe inventor, how I can self publish my book as you are well aware that publishers will not touch the truth of this matter.

Thankyou in advance for your valuable time and consideration, you are one of my heros and I do hope you are feeling better.

Sincerely,

Penn McLeod 1N

P.S. Would you have the address of James Earl Ray? I would like to obtain a copy of his book "Tennessee Waltz" from him. Thankyou.
Enclosed \$12.50 for your book "Frameup"
