DEAR MR. WEISBERG:

Thank you for contributing to my education. I am 30 years old, too young to have been a witness in November, 1963. It is through your writing that I am learning about history.

Would you be kind enough to send me information so I could purchase an autograph copy of Whitewash: The Report on the Warren Report? It would mean a lot if my purchase could be autographed.

Thank you for your time.

Best wishes-

Adam Stuart
