

Mr. Weisberg,

I am a student at the University of Wisconsin Stevens Point. I am enrolled in Prof. Wrone's History 212 class. We just recently spent two class periods on the Kennedy Assassination and one of our required readings was your book WHITEWASH. I must say I really enjoyed your book and am halfway through WHITEWASH 2 at the moment. Your books and Prof. Wrone's lectures have proved invaluable in my very amateurish study of the assassination of JFK. I now know which books on the topic are worthwhile to read and which ones to avoid.

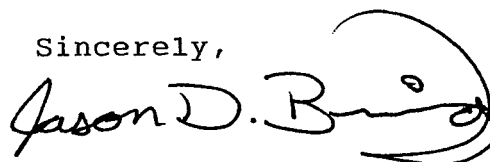

I have talked to Prof. Wrone on many occasions and he has mentioned you have a new book called HOAX coming out this spring. I will anxiously be awaiting it.

I would really appreciate if you would send me an updated price list and ordering information for your following books:

- POST MORTEM
- OSWALD IN NEW ORLEANS
- FRAME UP
- HOAX

Thank you very much for your time. My home address is listed below. Thanks.

Sincerely,

Jason D. Breunig
