

Dear Mr. WEISBERG,

How are you. I hope things are going well with you. I am just someone out of the blue - who feels a need to write to you. The reason being that I would like to thank you for everything you have done these past 30 years in trying to bring out the truth regarding the Kennedy Assassination. Thank so much for the service you have done for everyone.

I recently read Harrison Livingstone's book High Treason II. I liked it very much. The whole discussion about the wounds - no matter where they are - or are supposed to be is pretty confusing. Just as interesting to me ~~is~~ in talking about the autopsy is what was going on in the "gallery." I mean geez - what was the reason for all the screaming - pushing, shoving and cursing? This whole subject alone is an area that could produce some clues.

Could you send me a list of books that you have written? They just aren't as available as some of the others, and I am interested in purchasing them.

Thank you,

Sincerely yours,
Paul Cassidy
