

The following is dedicated to all those men and women who witnessed first hand a type of intimidation, resistance and pressure that many members of society cannot even comprehend. Each and every person mentioned, deserves special tribute. The LEVEL OF BRAVERY possessed goes without saying:

Washington High School, Time Magazine "Man of the Year, 1963", Plafker Award Winner, Doctorate in Theology, Youngest Man ever to win a Nobel Peace Prize, Target of FBI's Operation COINTELPRO (regardless of the many FBI field reports indicating he WAS NOT A THREAT TO INTERNAL SECURITY). MARTIN WESLEY SWEARINGEN-Former FBI agent, Recipient of numerous letters of Commendation, U. S Naval Officer, one of the very few FBI agents to risk his life and family to expose the intimidation, corruption, deception, and manipulation that has been hiding behind "the curtain of Ultra-Patriotism and Internal Security" to this very day.

OLIVER WILLIAM STONE-Director, Writer, Coscreenwriter, Wiper US Marine, served with inf. US Army, Decorated Purple Heart with Oak Leaf Cluster, Bronz Star. The only man in history whose investigatory research (upon examination by Congress) enabled the passing of legislation to appoint a panel to review all JFK files and determine which ones would be available to the American Public. JOHN FITZGERALD KENNEDY-35th President of the United States. A young president who had lived through dangerous illness, major surgery, survived the cutting in half of the torpedo boat he commanded during WWII by a Japanese destroyer, Lt. in US Navy, Awarded the Navy and Marine Corps Medal and Purple Heart, and the only President in History to sign National Security Action Memos² and not have them implemented. DR. WILLIAM F. PEPPER-Doctor of Law, active Attorney at Law, and Independent Assassination Researcher of Dr. Martin Luther King Jr.

DR. PHILIP H. MELANSON-Doctorate of Political Science, Author, and Independent Assassination Researcher of Dr. Martin Luther King Jr.

I have attempted to corroborate the bizarre tactics of this vile, sadistic FBI operation, by combing through numerous literature, interviewing professors, and travelling miles and miles on the information highway.

The aforementioned methodology is a direct result of failure to obtain disclosures from the witnesses mentioned herein.

For the remainder of the bizarre tactics that were not validated, I will continue on this very intensive paper trail, until I show to the world that every single tactic, as bizarre as they are, did in fact occur, and are occurring to this very day.

In the mean time, I really have just one final thought that I cannot refrain from inclusion into this paper-"MAY GOD HAVE MERCY ON THOSE WHO DISBELIEVE!"³

¹ In my book, and any other person who does not want to forget what happened on November, 22, 1963, Mr. Garrison did not just bring about a prosecution, more accurately a conviction. The verdict in 1967, hinged upon whether or not Clay Shaw* was associated with the CIA. Unfortunately, the truth, was not uncovered until the year, 1979- Five years after the suspicious death of Clay Shaw (1974), Richard Helms of the CIA, Director of Covert Operations in 1963, admitted under oath, that Clay Shaw had worked for the CIA.

*aka Bertrand, Clay (I have a much more accurate depiction/identity, but for the sole sake of not offending any person's taking the time to read this document, I have managed to restrain its presentation).

² National Security Action Memos 55, 56, and 57, signed and sealed in 1961 by President John F. Kennedy. Instructions contained in the memos called for all Paramilitary Covert Operations to be coordinated and implemented by the Joint Chiefs of Staff. The memos did nothing less than "splinter the CIA into a thousand pieces". Unfortunately, the actions were never implemented.

³ Stated in the final lines of a book-FBI SECRETS written by M. W. SWEARINGEN (former Agent of the FBI). As fiction the book would be a classic, but as fact (and that is exactly what it is), it is horrifying!
