

Garrison Says Probe Cannot Be Stopped

New Orleans, La. (AP)—District Attorney Jim Garrison says "there's no way in the world" to stop his investigation of the assassination of President Kennedy.

"All they can do is slow it down," Garrison said after a series of developments yesterday, which included:

A request for a subpoena directing the Central Intelligence Agency to produce what Garrison claims is a long-suppressed photo of Lee Harvey Oswald, named by the Warren Commission as the assassin of Kennedy.

Refusal by the Justice Dept. to permit an FBI agent to testify before the Orleans Parish grand jury on his role in the investigation of the 1963 assassination.

A report of a tape recording which purportedly indicated a bribe had been offered for a statement to help substantiate Garrison's probe.

The application for the subpoena called on Richard Helms, JEIA director, to produce before the grand jury a "true photograph" of Oswald and a burly Cuban which Garrison says was taken in front of the Cuban Embassy in Mexico City.

Garrison contends the photo was suppressed and a "fake photograph" was submitted in evidence before the Warren Commission.

Subpena Quashed

Garrison wanted FBI agent Regis Kennedy to testify before the grand jury on his role in the assassination investigation, but U. S. Atty. Louis C. LaCour asked Chiminal District

Judge Bernard J. Bagert to quash his subpoena.

Attorney General Ramsey Clark had instructed Kennedy not to testify. Bagert ordered a hearing next Tuesday on the government's motion.

With reference to the tape recordings, Garrison said, "It's not worth commenting on. The only thing important is the truth."

The tape recording was the subject of a news conference by a lawyer, Burton Klein, who said his client, Alvni Beaubouef, was offered \$3,000 and a job if he would "help substantiate the alleged plot." Klein said a tape recording was made of the conversation, and that it was turned over to the suburban Jefferson Parish authorities.

Klein said Beaubouef "knows absolutely nothing in the district attorney's investigation."

Garrison contends a plot was made in New Orleans to assassinate the President, and that several persons were involved. The only indictment thus far is a conspiracy charge against Clay L. Shaw, 54-year-old retired New Orleans businessman, who has pleaded innocent.
