"Nov 26. 1959

"Dear Robert

"I shall begin by answerign your question on why I and my fellow workers and communist's would like to see the present capitalist government of the U.S. overthrown.

"Do you remember the time you told me about the efforts of your milk company to form a union? Try to see why workers must form unions against their employers in the U.S. It is because the government supports an economic system which exploits all its workers, a system based upon credit which gives rise to the never ending cycle of depression, inflation, unlimited speculation (which is the phase America is in now) and war. In this system art, culture, and the spirit of man are subjected to commercial enterprising, religion and education are used as a tool to surpress what would otherwise be a population questioning their government's unfair economic system and plans for war. Science is neglected unless it can be directly used in making war or producing more profit for the owners of business's - these are some of the reasons. look around you, and look at yourself. See the Segregation, See the unemployed and what automátion is, remember how you were laided off at convair?

"I remember well the days we stood off-shore at Indonesia waiting to surpress yet another population, when they were having a revolution there in Mar. 1958. I can still see Japan and the Phillipines and their puppet governments - more important I can see the American in uniforms Men who were there because they were drafted or because they were adventursom or unemployed in civilian life. I will ask you a question Robert, what do you support the American government for? What is the Ideal you put forward? Do not say "freedom" because freedom is a word used

(continued)

by all peoples through all of time. Ask me and I will tell you I fight for communism, this word brings to your mind slaves or injustice, this is because of American propaganda, look this word up in the dictionary or better still, read the book which I first read when I was 15, "CAPITAL", which contains economic theorys and most important the "Communist Manifesto."

"I will not say your grandchildren will live under communism, look for yourself at history, look at a world map! America is a dieing country, I do not wish to be a part of it, nor do I ever again wish to be used as a tool in its military agressions.

"This should answer your question, and also give you a glimpse of my way of thinking.

"So you speak of advantages. Do you think that is why I am here? For personal, material advantages? Happiness is not based on oneself, it does not consist of a small home, of taking and getting, Happiness is taking part in the struggle, where there is no borderline between one's own personal world, and the world in general I never believed I would find more material advantages at this stage of development in the Soviet Union than I might of had in the U.S.

"When I talked to a reporter I gave most of my reasons, however the story I found out later was badly slanted and left out my real reasons, the reporter was interested only in a colorful story. I have been a pro-communist for years and yet I have never met a communist, instead I kept silent and observed, and what I observed plus my Marxist learning brought me here to the Soviet Union. I have always considered this country to be my own.

"I left you out of the matter because I did not want to get you into any sort of trouble because of me, also this decision is one which I only could make and you would not have been able to understand me.

(continued)

"You probably know little about this country. I will tell you about it. I did find, as I suspected I would, that most of what is written about the Soviet Union in America is for the better part fabrication. The people here have a seven hour work day now and only work till three o'clock on Saturdays with Sundays off. they have socializism which means they do not pay for their apartments or for medical care the money for these comes from the profit they help to create in their labor, which in the U.S. goes to capitailist. here in Moscow there is a housing shortage because of the war but its not bad now there is no unemployment here and in fact a slight shortage of manpower even with a 250,000,000 population this is because this country is building at a pace which will put it first in all fields of endeavor in 15 years. Most important is the fact they do not work for employers at all, a milkmen or a factory supervisor are both socialy equal, this does not mean they have the same salery of course, this just means that their work goes for the common good of all.

"These people are a good, warm, alive people These people would never think of war, they wish to see all peoples live in peace but at the same time they wish to see the economicly enslaved people of the west free, they belive in their Ideal and they support their government and country to the full limit.

"You say you have not renounced me, good I am glad, but I will tell you on what terms I want this arrangement.

"I want you to understand what I say now, I do not say lightly, or unknowingly, since I have been in the military as you know, and I know what war is like.

"1. In the event of war I would kill any American who put a uniform on in defence of the American government - any American

"2. That in my own mind I have no attachments of any kind in the U.S.

"3. That I want to, and I shall, live a normal happy and peaceful life here in the Soviet Union for the rest of my life.

Dear Robert.

I will be moving from this hotel, and so you need not write me here.
I have chosen to remove all ties with my past, so I will not write again, nor
do I wish you to try and contact me, I'm sure you understand that I would
not like to receive correspondence from people in the country which I fled.
I am starting a new life and I do not wish to have anything to do with the
old life.

I hope you and your family will always be in good health.

I got a letter from the Marine

they would see to it with the US
after inquiry and they could contact

Dear Robert

On the 24th of July I and my wife went into the museum early, I cannot write you what I said on this, because the Russians read all letters going in and out. But anyway of how the American Progress and we are doing everything we can to get out.

You don't know what a treat this is, I could write a book about how many people have come and gone since the 1st.

The Russians can be cruel and very cruel at times. They give a cross examination to my wife and to all day we come back from prison, they know everything because they spy and read the mails.

But we shall continue to try and get out. We shall not retreat. As for your package, we never received it, I suppose they say that to the blockade.

I hope someday, I'll see you and talk but if and when I come, I'll come with my wife, you can imagine how wonderful we are stood up.

Dear Robert,

Well, I've been a month or
more since I've written and also a
long time since I've heard from you.

Our deal about the left

Union is still going on, something
is holding it up, mostly about
my wife since she is a Soviet
citizen. But as I see, it's hard
to get out of this place, in general.

Maria is in the city of "KHKOB,"
about 600 miles south east of Moscow.
On her vacation, she's living with
her aunt, we both agreed a change
of scenery was good for her, she
comes back on the 15th of November.

From "KHKOB" she sent me
a beautiful gold and silver cup
with the inscription "To my dear
Hubert on his birthday 12/7/51"

Very nice, Hubert, she is sweet.

487

25

When is your birthday anyway
sometime in July isn't it?
How are the kids?

How is Vada doing?
Did you get my last letter with some
pictures of Masha in it?

I think around New Year, if
I'm still unlucky enough to be around
here, I'll call you on the telephone
O.K.?

How is the hunting out at the
farm? Still good I bet.

I got a letter from the Embassy
the other day, they are keeping in
touch as to developments with
the export visa.

Soon as Nov. 7-8 the big
revolutionary holidays will come off.
They'll be a lot of red flag waving
and fireworks like on the 4th of July
in the States.

Well, that's about all for now. Write
your brother Bob soon.

Dear Robert;

We sent you a package with a few little Christmas presents for everybody, you have already received the color books for Cathy. The package may be a little late you may not get it until about New Years. We sent the package only today.

We still haven't received any word about our visas.

Maria says that she can not wait until she gets to the U.S. and see's little Robert Jr.

If you like, you can send me a football (they only have second ones here) just deflate it and send it to me like a letter. Also you can pick up a few diagrams of ^{plans} at any filling station and send them along. Also several Russians seem interested in hearing how to play so I thought maybe you could help me out and together

will show them a little bit of American
spirit.

Our head about the crisis is not
getting any better, and I think about
next year, I'll fly into Moscow, and
go to the Embassy about it.

As time goes on, our complaints, and
their inactivity, will bring things to a
head, and one side or the other will
break.

We sent you a can of a kind
of Russian candy, called "KHMLVA", its
made from grain and sugar. so when
you'll open the package you'll know
its candy. I eat alot of it, if you
all like it, will send some more.

We'll send all this on about Dec 25
so you should receive it about
Christmas (I hope).

Dear Robert,

Well, I have a daughter,
June Marina Oswald, 6 lbs. 2 oz.,
born Feb. 15, 1962 at 10.00 AM.
How about that?!

We are lucky to have a
little girl, don't you think?

But then you have a head
start on me, although I'll try
to catch up. Ha-ha

This makes you in luck,
Congratulations!

The chances of our coming
to the States are very good,
as I already told you, we received
the Soviet exit visas. I can leave
the country at any time. But
there are still formalities concerning
marina's entrance visa into the
U.S. These are granted by the
U.S. government, and they have

assured me they are getting all the papers together (they are quite old) and certified accepted.

How are things at your end? I heard over the voice of america that they released Powers to the U.S. spy plane fellow. That's big news where you are. I suppose we seemed to be a nice, bright, American type fellow, when I saw him in Moscow.

You wouldn't have any clippings from the Nov. 1959 newspapers of art. worth, would you?

I am beginning to get interested in just what they did say about me and my trip here.

The information might come in handy when I get back. I would hate to come back completely unprepared.

The American Embassy in Moscow has offered us a loan to pay for the price of the airline

tickets, so we have nothing to
worry about temporary along that
line.

Have you heard from Picat
all, what's he doing now? still in
the air force do you know?
Well, I guess that's all
for now.

P.S. I received a letter from you
dated Jan. 3. I did not get it until
Feb. 5. The censors are so stupid

Dear Robert.

Received a letter from you
not too long ago dated Feb. 8.
I suppose by now you've received
my letter telling about the birth of
my daughter on Feb. 15th only in that
letter I said her name would be
June Marcia Oswald but we finally
registered her as June Lee Oswald
so that's that.

Marcia and June are both

Donny well mania left the hospital
on Feb. 24th.

Will probably be in the States
in may since we want to visit
for little June to gain weight
and strenght.

In another month or so it'll
start to blow out here although
I suppose its already hot in Texas.
I heard a "voice of america" program
about the russians releasing POW's.
I hope they want going to try
him in the U.S. or anything.

Thanks alot for your offer
of taking us in when we get back
to the state. Its a nice gesture
and I'll see about whether I'll
take you up on it or not, latts,
shots about all for now loves
to the family.

Dear Robert

Today I received your letter of
Nov. 23. I

Of course of all, I can confirm
what you thought about some
of your letters, I did not receive
any letter with "certain" questions.
It's quite possible they destroyed
it.

Did you get my letter about how
they took down the statue of Stalin?
And as you say, we hope the crisis
come through.

I got a package of books and
magazines today from Mother. It's very
interesting to read some of the
stories in "Time" about life and politics
in the U.S.S.R. most of the stories are
wrong, they are too uninformed.
I hope you get our little

perhaps by Christmas. Maria worked
on those table napkins for Udo for
two weeks.

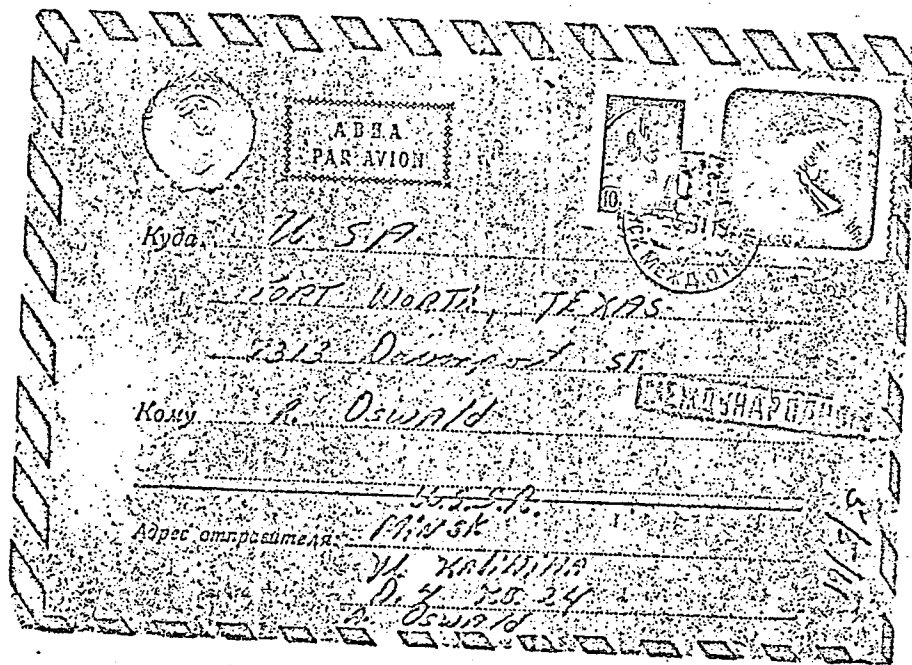

at the post office they did not
allow us to send some "KUMU" (candy)
they said it was "produce".

It's mighty cold here, about 10°
below zero, as far as I can tell.

The house is covered with
snow, but the pine trees and evergreens
the river near our apartment house
is frozen now. We have a very good
view from our 4th floor window.

Well, that's about all for now,
Marian sends her love, they're waiting.

Dear Robert.

May 5 1945

It been a long time since
I have written you, more than a year,
 alot has happened in that time.

I am now living in the city of
Minsk which is located about 70 miles
SW of Moscow. Minsk is the capital
city of the Soviet State of Belorussia.

I shall have been living here
already a year and three months.
I came to this in Minsk after I
wrote my last letter to you. I have
been working at the local radio-
television plant as a technician.

On April 30 of this year I
got married. My wife is twelve
years old, she was born in the city
of Stalingrad, which is the second
largest city in the U.S.S.R., her parents
are dead and she was living with her
aunt and uncle here in Minsk when
I first met her.

Dear Robert,

Well, apparently I was too optimistic in my last letter, since you say you thought I would be coming so soon.

The Russians are holding me up, and are giving me some trouble about the visas, so for now I can only wait. In general for an ordinary Russian, it's impossible to leave the USSR, simply because he wants to. However, I and my wife have the possibility because of the fact I am still an American citizen and have the U.S. passport.

My Russian documents are good only until Jan. 4, 1962, therefore you can expect that they will let me go before that date, since I will not extend the length of time on these documents after Jan. 4, 1962.

487

59

however, the Russians have been known
to hold people, against international
law, and against their wills,
but as I say, "time will show."
Mama did not write that letter
herself, but the words were hers.
I only translated them into English.
Mama doesn't know any English
at all, and at home we always
speak Russian.

Robert Lee sounds like he
is growing into a fine boy and
Cathy is also quite a grown up
little lady, already 7 years old.
It hardly seems possible, I
remember when mother phoned me
to say she was born, on Aug 22nd or 23rd.
I was in Calif, we were getting
ready to leave for Japan, and we
didn't leave a few days ~~later~~ later.
Cathy has changed since then!!
Well I hope everything is alright

and your back isn't giving you
any more trouble. keep writing

Dear Robert;

Received your short letter today,
glad to hear from you. I noticed
you seemed to be worried about whether
we are receiving each others letters
and whether we can write each
other in the future, by all means
keep writing and think we get
all of each others letters. We
take 12-14 ^{days} from you to me.

There is still no word
on our spit vials.

We bought some childrens
books for Cathy for Christmas,
and I'll be sending them along
in a few days, you should receive
them in a few weeks. We left
air in Russian, but I'm sure she'll
enjoy the pictures.

It's already four months since
we put in our request for a visit, but

gives you an idea how slow they can
be. What with our going to have a
holiday in March, it's not going to be
so convenient to come back to the
States and try to start life over again.

I'll bet about \$200.00 to fly
from Moscow to New York for two people,
I don't have that much money, but I'm
hoping that the Embassy will help
us but under we get out visas.

We have had our first snow
here on Nov. 16 now everything will
be white until about April 15.

Masha asks Vada to send
her a few fashion magazines every
now and then if possible.

Why don't you send me your
shoe size, and I'll see about sending
you some Russian boots they are
black, high like riding boots in
the States. Maybe you can cut a
piece of cardboard or string to show

Dear Alex,

Well, I haven't heard from you for quite awhile either you're not writing or your letters aren't getting through to me.

I told you in my last letter that we have finally been granted split visas for leaving the Soviet Union will probably be in the states in the spring.

You once said that you asked around about whether or not the U.S. government had any charges against me, you said at that time "no", maybe you should ask around again, it's possible now that the government knows in coming they'll have something waiting. Mother wrote me a letter the other day in which she informed me that the Marine Corps had given me a dishonorable discharge in Nov. 1959.
