By employing the foregoing publications, documents and organizations, among others, and by making use of the Congressional Record, the indictment alleges, the defendants conspired to convey to and urge upon members of the armed forces of the United States -- "for the purpose of obstructing, and designed and intended to impede, obstruct and defeat the preparation of our national defenses against aggression and invasion and the National War Effort" -- that the United Nations were ineffectual, that the United States was safe from attack, and that confidence in American public officials was misplaced and unwarranted.

In furtherance of this three-pronged campaign, the indictment alleges, the defendants conspired to propagandize the armed forces of the United States to the effect that:

"(i) The war now raging in all parts of the world, commonly known as 'The War for Survival', is a dishonest war waged at the expense and measured in blood and dollars of the people of the United States solely for the benefit of and to insure the continuance of world domination by 'International Jewry-Organized Finance', 'British-American Capitalists', 'British Imperialists', 'International Bankers', 'International Capitalists', 'Mongolian Jews', Communists and other persons and groups opposed to our republican form of government";

"(ii) The duly elected holders of public office and the Government of the United States are controlled by Communists and members of the Communist Internationale who are seeking to destroy the Constitution of the United States and our republican form of government and substitute therefor a Communist form of government under the rule of a dictatorship";

"(iii) The people of the United States are being forced by dishonest, corrupt, and traitorous public officials to finance a war against nations and people who are friendly to the United States and who have no aggressive designs upon the United States";

"(iv) By supplying arms and munitions and other implements of war to the Government of Soviet Russia the Government of the United States is giving aid and comfort to a foreign power whose agents have already filtered into high public offices in the Government seeking to destroy the republican form of government of the United States and to prepare the way for the said foreign power to take possession of the United States";

"(v) Germany and Italy have committed no aggressive act against any nation and are fighting a solely defensive war against British Imperialism, American Capitalists, and the desire of American public officials to rule the world, hence any act of war against them or either of them is unjust and immoral on the part of the United States";

"(vi) The Japanese war against China is morally right and just and constitutes an effort by the Japanese to establish right and justice in territory formerly ruled by anarchists, brigands and Communists lying within the Japanese sphere of influence";

"(vii) The Axis Powers are fighting to free the world from domination by Communism and International Jewry, hence the United States should give no aid and comfort to the enemies of the Axis";

"(viii) An honorable and just peace could be brought about speedily were it not for the opposition of Communists and International Jewry";

"(ix) The peoples of nations opposed to the Axis Powers are politically and morally decadent, corrupt and degenerate";

(OVER)

"(x) The cause of the Axis Powers is the cause of justice and morality";

"(xi) To give aid to any of the nations and peoples opposed to the Axis Powers is to encourage the growth and spread of Communism";

"(xii) If the Axis Powers are defeated, all of Europe and Asia will be ruled by a Communistic form of Government";

"(xiii) The nations opposed to the Axis Powers are not in fact friendly to the United States but are seeking under the guise of friendship and community of interest and ideals to obtain from the United States money, materials and men with which to fight an unjust war";

"(xiv) The only interest the nations opposed to the Axis Powers have in the United States is how much in money and materials of war they can get from the United States free";

"(xv) Great Britain is planning to destroy the independence of the United States and to force the United States into a national union with the British Empire";

"(xvi) As a result of sending and giving American arms, equipment and materials of war to foreign nations which are opposed to and seeking to destroy American ideals and our republican form of government, United States military and naval forces, inadequately armed, equipped and led, are being exposed to terrible physical handicaps, diseases and death and are being "slaughtered like sheep";

"(xvii) No real danger exists anywhere in the world to the United States, its possessions or its republican form of government";

"(xviii) The Japanese attack upon Pearl Harbor was instigated by Great Britain."

The indictment further charges that the defendants, as a part of their conspiracy, carried on "a systematic campaign of personal vilification and defamation of the public officials of the United States Government" in order to convince members of the armed forces that "such public officials are traitorous, corrupt, dishonest, incompetent, un-American and mentally unbalanced". To this end, the indictment alleges, the defendants propagandized the members of the military and naval forces of the United States to the effect that:

(a) The United States is governed, not by elected representatives, "but by a secret foreign group of persons and organizations opposed to American

principles and ideals and seeking to overthrow the Constitution";

(b) Elected representatives have violated their oath of office to support the Constitution and "are planning to involve the United States in a war as a means of enabling them to overthrow the Constitution" and substitute a dictatorship;

(c) "The war with Japan was provoked deliberately by officials of the United States Government as a means of enabling them to seize permanent control of the Government ... under the guise of military necessity";

(d) American public officials "are bent on conquering the whole world and to that end have provoked war with Germany, Italy and Japan"; and "deliberately plotted" the war in league with the Communists; and are plotting to "force the United States into a permanent political union with Great Britain";

(e) "The public officials of the United States are atheistic and anti-religious";

(f) As a result of "dishonest, illegal, corrupt" acts and orders of American public officials, "members of the military and naval forces of the United States have needlessly lost their lives";

(g) "The public officials of the United States are "insane murderers bent on ruling the whole world" ... "squandering the wealth of the nation in order to carry out their plan for world domination" ... "anti-Christian, Marxian dictators" ... "sacrificing deliberately the defense of the United States to rush to the defense of Godless, corrupt and degenerate nations" ... "Judas-like betrayers of their country" ... "planning to mingle the blood of Negroes, criminals and Jews with that of Christian-American soldiers and sailors by means of transfusions and so-called 'blood banks' ..."

"It being the plan and purpose of said defendants", the indictment charges, "to destroy the morale and faith and confidence

(OVER)

of the members of the military and naval forces of the United States and the people of the United States in their public officials and republican form of government," the defendants conspired "to seize upon and use and misuse the right of freedom of speech and of the press to spread their disloyal doctrines, intending and believing that any nation allowing to its people the right of freedom of speech and of the press is powerless to defend itself against enemies masquerading as patriots and seeking to obstruct, impede, break-down and destroy the proper functioning of its republican form of government under the guise of honest criticism."

The indictment charges that the defendants entered into and continued the conspiracy "knowing full well and intending that a government bereft of the faith and confidence of the members of the military and naval forces and of the people is powerless to defend the nation or the people against armed attack from without or treachery from within".

According to the indictment, the defendants "as a part of ... and a means to the accomplishment of the end" of the conspiracy, engaged in "a continuous and systematic campaign of written and printed opposition and sabotage against any and all efforts of public officials ... to arouse the members of the military and naval forces ... and the American people to a realization of the grave and imminent danger threatening the national existence of the United States" by propagandizing the armed forces of the United States to the effect that:

(a) Activities of the Axis Powers constitute "no real danger to the national existence and security of the United States or to any of its territorial possessions";

(b) "None of the Axis Powers has any intention of threatening the United States";

(c) Expansion, strengthening or modernization of our armed forces, by any means whatsoever, is unnecessary and is part of the plot by American public officials to involve the United States in war;

(d) American public officials are seeking deliberately to "provoke" a war with "peaceful nations, such as Germany, Italy and Japan, which are seeking only to live at peace with the world in general and with the United States in particular";

(e) It is "impossible" for any of the Axis nations to wage war successfully against the United States or to "seize and occupy any United States territory";

(f) The United States should "refrain from interference" in the war;

(g) "The policy of hemispheric solidarity and Pan American co-operation for defense, sponsored by the United States, is doomed to failure because the people of Latin America are physically degenerate and politically corrupt";

(h) The actions of Germany, Italy and Japan are "justified in the eyes of God" and constitute merely "an attempt to throw off the yoke of harsh and unjust restrictions imposed upon the so-called Axis Powers by the Monroe Doctrine and by Great Britain and her allies of the first World War";

(j) Statements of American public officials that our best interest is to be served by aiding the United Nations are "false and designed to conceal from the people the true fact that such public officials are under the control and domination of British Imperialists and International Jews";

(k) "The public officials of the United States are guilty of murdering American soldiers and sailors killed while carrying out the illegal orders of such public officials."

The indictment sets forth 50 quotations from articles and statements published and printed or caused to be printed by the defendants in furthering the conspiracy; and, in addition, cites various "overt acts" of defendants establishing jurisdiction.

Count Two of the indictment charges that the defendants, from December 8, 1941, and up to the presentment "unlawfully, willfully, feloniously and knowingly" conspired to violate Section 34, Title 50, U.S. Code, by willfully causing and attempting to cause insubordination, disloyalty, mutiny and refusal of duty in the military and naval forces of the United States in order to obstruct the recruiting and enlistment services of the United States.

Count Two reaffirms and realleges, in connection with this conspiracy, all the charges contained in Count One.

Maximum penalties under Section 11, Title 18, are a fine of \$10,000 or ten years imprisonment, or both; and under Section 34, Title 50, a fine of \$10,000 or imprisonment for 20 years, or both.
