

Honey - I'm
taking up
where I left off
last night.

Service Club

U. S. ARMY

Wednesday 1/6/43

Bob is a bit
better. Ditt's on
shoot, not so
back, which is

bad, so I may not have a long
letter when I'm finished. I had
to knock off for a while. A bunch of
"jeeps" (recruits) came in, now
the band is rehearsing down-
stairs, & the noise is enough to
drive you bats. I'm anxious to
get to whatever assignment I'm
going to get & stop doing these
things I have no business
doing. My back hurts worse
than it has in a long time.

Now for your letters - first
the second. Tell Ben I
said "hello!" His interest
reunited me: please ask
Johnny to get me a copy of

The new section indictment
from the O.J. - feel free, & ask
her to please send it to me.
Thank Arlene for sending
her regards.

How the first letter.

Too bad the situation
persists. I hope it straightens
out pretty soon.

Re Meranda & Paulhurst.

I had them to write 2
letters of introduction for
P'hurst if he asked for
them. Since he has not
asked for them I have not
written them.

Remember me to the B'boys.
Thanks for taking care of the

Kaplan & ^{now} write in
careful for down. For-
ward the word the
the things you letter from
Charles in the next letter a
package. Okay on the papers.
I'll have to miss some of
them, Jim said. Tony who
called is one of Maria's "boys",
the ex party head of the
district. His complaint re:
Maria in territory & basic
matters.

If I can Jim writing
Jill & Ade Ade. Say "hello"
to me, anyway, when you
speak to them. Let's do Dad (s)

Don't let the Weinstein's
steal you on the negotiations.

Good you are in G. Health.
The "punch" was what -
a blood test? I'm persuaded
all the time, & both arms
have been the since I've
been here. It's nothing.
It's for our own good &
we get used to it.

Alvin has not written
me, but his address is
Co. D., Finance Battalion,
Ft. Benj. Harrison, Indiana

By now you should
know what you couldn't
understand at the time.
You know, after I go

3) To my Camp I might see to
have one of Melrose (male) puppies,
if I can. Don't ^{try my best} get
feel Frankie some of the right
but I've been kind of ~~no~~ do
whip he wants. No luck. ~~the~~
When I can, I will make it.

Re your transfer. Sounds
like the right thing to do.

Re: cards. Yes, please
include page references.

Now, letter #3. The
pod better get here soon (I
expect it today) or you
get no letters. I'm almost
out of paper. I can wait
until the shoe box gets
here. My shoes are in terrible
shape! Very decent of Lonnie.
Please feel him if you
see him. Love to do. Set

be seeing him as soon as I can
about a boy. I've got some-
thing in particular in mind.
I'm sorry to hear of his troubles.

Curious as to how
Johnny works her way out
of her delirium. I want to
write her, but this far
I've had time for only
letter (to Mom) besides those
to you. As you know, etc
uncomplicated & simple.

How is the roomers
situation coming along?
Poor people, I do wish
there was something I could
do to help all of them. And
know that only I can
solve the problem. I hope it soon.

4) Rail co. Do what you want. I
have neither a ^{Service Club} particular etc.
had a any use of you, before the
pe him & his war in '60, may
afraid his be a dangerous
one. I hope not, but I fear so.

If his calls, remember me
to him. When you speak to
see Bob R., he may be
interested in knowing that one
of the depots has a hoard
of 60,000 gallons of gas & is
still using oil & heat his
greenhouse! Something
ought to be done about it.
Informant: ex-employee.

Re Bob R. He ought to

get one of these in flat side o-
shaped rubber cushions. I
know others did, with some
relief. Jesus, I hope he gets
over it soon

Godaddy has found
the box looks useful. Its
not much of a present, but
one is pleased to know
a gift is of some
usefulness

I inquriously long
to hear about Lavinia O'Key.
She was a fine, good,
courageous lady. She
has been missed & there

5) is no woman of her stature
in Congress. Service Club of the people
Disinterested who worked
in knowing her to
what moves U. S. ARMY who to be
remembered to them.

Now Sir up to date
I have answered all the
questions you asked.

I, too, am looking
forward to this weekend.
God, I hope they stop
feeding us salt water in
june. If Sir lucky
I might be able to
get to Trenton by 2:30
& catch a train at

about that time. Otherwise
I'll probably be in about
6:30. If I can't go I'll
try to let you ~~know~~ know.

The phones are down
again, & I don't know
about the mail. This
is the end of my paper
& most of my letter. My
Mama is there, also, of
course, Anna & M.,
Please remember me to
them.

Love
Howard
