

Homey

Monday night 3/11/47

at the moment it looks as though I may not be able to write much of a letter. I got back after a very conference, phone trip that has been dealing with matters, & now I'm on duty. I'm on again in the a.m. - off ~~11:30~~ at 11:30 a.m. on Wed., when I'm on 11:30 a.m. - 5 p.m. & then I'm off until Fri night. A revised schedule for an early week & me that makes it possible for me to be in D.C. for any time.

The M.D. may want -
 if I can get off. I'll
 look into that maybe
 tomorrow. As soon as you
 get this get in touch with
 the M.D. + find out. I
 think I can get a pass for
 this purpose if it is
 recommended by the doctor.
 Tomorrow I'll speak to
 probably the chaplain about
 this, + I'll know. Several
 of tomorrow's shipping lists are

3) in of the long were ~~these~~
nice
enough to
check upon  to + time
to feel me that so far kin
not shipping. A Doc
looks in at this and +
you, immediately, do
the same as that. I
wouldnt want to get a
pres for this reason, go
down + have the doctor
not have any use for me.
at the same time, this
looks like a ~~check~~ break
so far as the time is concerned

I was off the morning
 and afternoon, I couldn't
 write because it is
 more convenient here I
 didn't anticipate being as
 busy as I am tonight. As
 I visited about an hour
 today, read about an hour
 to half, shined shoes about
 an hour, & played 40¢
 worth of pinocle. I'd
 have written earlier had
