Monday 3/10/43

I had a pass yesterday & was off from 9:15 m. I went to Wil. & intended to return early. The 9:57 train was 1:32 late, & I spent the time standing on the cold platform because there was such a crowd there wasn't a seat in the station. On the train I also had to stand, and the train stopped frequently for up to more than 1/2 hr. at a time. Instead of getting in at 12, I had to, because I had a very rough weekend - on from 5 pm Fri to 9 am Sun. - I got in at 3. And for no good reason they turned us out at 4!

I'm off at 8:30 for the afternoon. I just got your Sat. letter, but it is probably too late for this letter to make today's mail. I'm returning those clips I want.

Thanks a lot. The cartoons are of increasing popularity... glad to hear of the success & promotion... I didn't notice a slip in the Dies speech. It's like to have one. Maybe you can get a copy from the station?

Are there about all. I'm going to try to achieve the impossible - a copy for about 2 hrs. - so I can relieve the guy on this p.m. for supper. I had to buy my meals this weekend because I had no relief.

How are your folks? Well, I hope.

Maybe, if I have news, I'll write later.

Love

Frank
