Dear Lil,

On the few
mornings before

U. S. ARMY

We leave Dix to return to
Truett's Dix try to write a
letter with some good news.

First, my persistent question-
ing of everyone I find who has
been in Africa about C. C. has
finally yielded what I hope
can be called results. I learned
this a. m. his outfit at least
was near I saw. I have
written both Cl + Lloyd +
they should be able to under-
stand what I was trying
to say. If it is true, they
should see each other soon.
and I write Belle.

Also, the Red Screen also
showed negative. No date

wanted me to come back
again tomorrow for another
sinner; but told him I
did not want to miss the
Eg. Dir. stated that he is
allowing me to report to the
doctor in Truro for treat-
ment. If I can see said
doctor this p.m. his last
you might, esp. re: your
coming here. If you haven't
heard from me it is because
there are still questions
that I shall have answers
in time still unanswered.

Fa. you

Love
(Kerry)

We are back at Tension. I have
your letter of
#2 I'm glad
the clips will
be here. About the
pictures: take a chance to purchase
the print - maybe send the folder
album, too. I think maybe I'll
take it with me. If I have
left it will either be returned
or forwarded. But keep the
negatives.

C. R. Squires: No, dear; not now.
I should have thought of that sooner.

About Walker's book: sounds very
good. If you buy, get cheaper
edition. But I had a hard
copy sent to VM, which you
could, perhaps, borrow. The
2nd installment, which I got
yesterday, was good.

Incidentally, the new format
of the Wiesbaden Gazette makes
for more convenient & rapid reading.

Can now get me slip at time.
This is very convenient.

Not all for now, dear,

Love

Ward
