Well - so far
as I know the

is ours for the rest of the time we are
in Trenton (where we have been
since yesterday a.m.). We may
be here the rest of the week, and
may get weekend passes. Our
C.O. for this detachment told us
if we were here he would try to get us
passes.

I got a pass at 6:20 last
night. The first train south
left here at 8, while I didn't have
to be back until 11:50 a.m.
today, & must as I wanted to
see you again, I decided to go
& see the folks. They are quite
happy that I did, & I am too now.
Gosh the weather is terrible here.
Sweat is literally dripping

Of me, so have to stop every
couple of lines & wipe it off
my forehead & how to keep
my glasses clean.

My folks behind them
belong very well. I know,
all the struggles with trip
in the service were very
dread. I only must eyes &
tremendous buses.

I was so tired & I got
in the sofa & Alma & Sammy
couldn't come in to visit
a friend & just returned from
Guadalajara to go to O.S.

To get back to that very
pleasant possibility, a
few. If we see him & get
then it may not be used

Late afternoon or early
evening. Let let you
know as soon as I can. I
trust, you understand this
is only a possibility & that
there is also a possibility that
I won't be here for the weekend.

Also, you realize that
my coming assignment or
job is secret, as we were told by
our C.O. yesterday, and
nothing should be said about
it that might do any damage
if it feels wrong say, as all

to do has a chance of doing.

Suppose as I can see
keep you just as long
just assume that suddenly
you will stop having problems.

The C.O. also said our
mission was "not very danger-
ous." That is my opinion, too,
and I assure you you have
nothing to worry about.

I'm on the fit just pulled
in need to leave a the "P.W."
expected to be on, so I'll
have to suspend his while. In
case I haven't time for more
before mail goes out ---

minutes. I have a swell time
with Freddie, who is an alert
youngster, and a real native. They
say he is much like I was at that
age.

The Lt. Co. clerk, now in the
Bn Personnel office, just told me
my Service record has no listed
as single, that my bond didn't
in authorization has expired
and that, in general, all is
confusion. In going to see him
as soon as I get some time &
will straighten it out, he says.
And I hope.

and there is more word to the
effect that the Co. is going to

move to one of the other Cos,
probably Burlington. Boy will
not be nice. That town has fair
connections to Trenton & good
bus connections to Phila. And,

Do you know when that
dime tried to keep me from
getting a job last weekend,
he knew what was coming up
for me.

As you will see from the
enclosed clip, I got your letter
of the 18th.

I have made a small pkg of
your picture, my checkbook &
the photo wallet I got from
Alma (in which you will see Alma
want Freddie) from which you will
get an idea of what size a picture of
you want. If you can get it,

I think it would be best to keep
the good picture

devotion. I like it too much to
risk it in the kind of waving
we do. I am not going to keep the
setchel with me after Orestum,
& without something rigid
like that to protect it, I don't
think the picture frame would
survive for long. But if you
cannot get a picture (or more
than one) that will fit into
that wallet, I'll want this
no back.

We may get mail
again today - but haven't yet.
I hope the good news contin-

if O can.

And now its almost
time for formation. I think
we get weapons. Suddenly,
the room we get papers
the night is that they had
no help for us. But a group
moved out this am, how are
