

Dear -

Several days  
wandering

ago, while  
through town,

I encountered a gentleman not  
unlike your husband in  
appearance, but he is, really &  
truly, Dr. Livingston, of  
the deepest Spain. With the

aid of an ancient but  
amiable Spanish photograph,  
a more aged camera, & photo-  
paper & materials of question-  
able quality & durability, I  
have preserved his image.

Boy, should you get a  
laugh out of it!

24 I have  
taken for  
granted

That you  
do not  
expect to

hear from me either too  
regularly or too frequent-  
ly. But I say you  
should so you won't  
worry if you don't hear.

Mama says can  
keep you from getting  
mail & me from writing.

For now - Love - I  
remember me to Johnny &  
her friends.

Paul
